Description

2026 Variant 3519 TB 3-Way Tipper Trailer
Heavy load. One button. Done.

At 3,500 kg ATM with 2,480 kg in an aluminium box, this is the trailer for operators who move volume every day. Landscapers, civil contractors, hire fleets — the electric hydraulic tipper does the unloading. No waiting, no shovelling, no extra crew.

Aluminium tipper body. Galvanised chassis.
Lightweight, strong, washes clean. The chassis is hot-dip galvanised and handles job sites and coastal conditions without corroding.

Mechanical overrun brakes — self-regulating, no controller required.
Every ute in the fleet tows this without modification. No wiring, no controller.

Parabolic leaf spring suspension. LED lighting.
Built for working life — mud, sand, gravel, all weathers. It just does the job and keeps doing it.

Danish-designed. RVSA 2023 compliant. Ready to register.
