Performance & Application The G5S 4x2 Cargo 6000wb is built for one job: urban distribution without compromise. It combines a compact wheelbase with heavy-duty underpinnings, delivering the payload of a bigger truck while fitting into tight metro environments. Perfect for:

- Metro distribution & last-mile freight
- Tautliner/curtain-siders
- Pantech, refrigerated bodies & food-service
- Steel, building supplies & general freight
- Skip/bin or custom trade setups
- NEAG managed body fitment

Why SITRAK?

- German component partners (ZF, WABCO)
- Euro 6 low-emissions compliance for major contract access
- Efficient driveline = lower fuel burn & reduced running cost
- Robust chassis engineering with global platform support

Finance – We Won't Be Beaten Our in-house team benchmarks every deal against national fleet rates. Seasonal, balloon and residual structures available. Fast approvals and competitive packages. **Warranty & NTI Support**
