Description

SEM HIRE Contact us for further information on availability and rates 1800 SEM HIRE bookings@semhire.com.au -----
----- The Morooka MST40CR (Canopy) is a compact rotating crawler carrier designed for transporting and precisely placing materials in soft, muddy, steep, and confined work environments. Equipped with a 52.5 kW (70 HP) Kubota diesel engine, hydrostatic transmission, and a 360-degree rotating scoop body, it provides excellent productivity, manoeuvrability, and material placement without needing to reposition the machine. With a 4,000 kg payload capacity, 5,100 kg operating weight, 500 mm rubber tracks, and low ground pressure, the MST40CR is ideal for civil construction, utilities, landscaping, and infrastructure projects where access and ground conditions are challenging. -----
