Description

2002 Sterling - Not a spring chicken, but still getting the job done. This old girl has a few kilometers under her belt, but dont let that fool you, she's had a new engine 40,000km ago and is still out working everyday for us until her rego ran out in September 2026. 14L Detriot series 60 and an eatons smart shift auto, so she's got the goods where it counts. She's done 1.2m km, has good tyres, pintle hook, electric tarp and two-way, and plenty has been spent on the major bits along the way. She isnt trying to win any beauty pageants, but she presents well for her age and doesn't sit around collecting dust. Just a solid truck that still knows how to earn her keep. Features: - 14L Detroit Series 60 - Eaton Smart Shift Auto - 1.2m Kms. - 40km on new engine (comes with receipts) - Good Tyres - Pintle Hook - Electric Tarp - Two-Way Radio - Still able to Work Daily - Good honest truck with a heap of life left in her yet. If you're interested please contact us to organise a viewing and next steps. Buyers invited to make serious reasonable offers to be considered, - thank you.
