_____ How to choose the right FAE stone crusher Do you have a 70-150 hp tractor and need to crush stones up to 15 cm diameter? An FAE stone crusher from the STCL series is just what you need, with the ability to work up to 15 cm deep. Do you need to work on stones up to 30 cm diameter and have a 100-220 hp tractor? The STC/DT series with fixed carbon steel teeth and dual transmission is the machine for you! Do you need to crush large stones as big as 50 cm diameter but it seems impossible? FAE lets you choose from at least 10 different stone crusher models in 3 different lines that can work up to 25, 40 or even 50 cm deep, with max. output when paired with 200-500 hp tractors. Dont hesitate to contact us. We know how to help you find the best solution for your needs. How much does a FAE stone crusher cost? Efficiency and high output makes the cost of an FAE stone crusher very competitive. Request a quote. FAE stone crusher applications In places where rocks are an issue, FAE has the answer. Whether its forestry maintenance, plantation, vineyard or orchard maintenance, agriculture tilling or soil reclamation, FAE has the right product for the job. FAE stone crushers are also highly useful for maintaining green areas for commercial and residential properties or for sports and for creating and maintaining trails and dirt roads. The wide range of specialty teeth developed by FAE completely meets the most diverse operating needs.
