## Description

Trailer 1200L Diesel Fuel Tank 12V High flow pump 85/ LPM Flow Wholesale Price ---- \$8600+GST Optional upgrades . PIUSI Hose Reel 10m / anti-static ----- \$1530.00 plus GST . Piusi K24 inline Litre Counter ----- \$500.00 plus GST Diesel unit features: . Length-----1450 mm . Width-----1200 mm . Height-----1300 mm . High quality Diesel grade polyethylene . Auto shut-off nozzle . 12V 85L/min High flow Italian PIUSI Pump unit . 4 metres of anti-static hose . 4 metres power cable + battery clips . Drain bung . Easy clean suction strainer Trailers Standard features: . ATM-----1500 KG . Width-----1680 mm . Length-----3990 mm . Height-----1900 mm . Floor Area-----1280 mm x 2400 mm . Draw bar-----1550 mm . Heavy Duty C Channel for flexibility . Manual wind down front leg to support the unloaded uncoupled trailer . LED lights . Factory Tyre's with new powder coat rims It is great for transporting diesel to where you need it. This 1200L diesel trailer comes with proper diesel grade polyethylene tank, complete with 12V Italian PIUSI diesel pump unit and Auto shot-off gun. The Interstate trailer itself use heavy duty industrial grade Australian manufactured C channel in the V tow bar and chassis of the main structural frame of the trailers. The specific reason for this is the C Channel has the strength and flexibility required to handle the payload and demands of a heavy duty Plant trailer. Don't risk your trailers V tow bar snapping off travelling at 100km down the Highway with your machine on the back, the consequences would be disastrous for not only you as the owner by possible others involved in such a event. \* Registration fees and all on road costs are extra
